In the event of any further delimitation agreement or agreements being concluded between governments exercising sovereign rights with respect to the exploration of the seabed and the exploitation of its natural resources in the area of the Timor Sea, the Government of the Commonwealth of Australia and the Government of the Republic of Indonesia shall consult each other with a view to agreeing on such adjustment or adjustments, if any, as may be necessary in those portions of the boundary lines between Points A15 and A16 and between Points A17 and A18.

The Government of the Commonwealth of Australia and the Government of the Republic of Indonesia mutually acknowledge the sovereign rights of the respective Governments in and over the seabed areas within the limits established by this Agreement and that they will cease to claim or to exercise sovereign rights with respect to the exploration of the seabed and the exploitation of its natural resources beyond the boundaries so established.

Article 5. For the purpose of this Agreement, "seabed" includes the subsoil thereof, except where the context otherwise requires.

Article 6. 1. The co-ordinates of the points specified in Articles 1 and 2 of this Agreement are geographical co-ordinates, and the actual location of these points and of the lines joining them shall be determined by a method to be agreed upon by the competent authorities of the two Governments.

If any single accumulation of liquid hydrocarbons or natural gas, or if any other mineral deposit beneath the seabed, extends across any of the lines that are specified or described in Articles 1 and 2 of this Agreement, and the part of such accumulation or deposit that is situated on one side of the line is recoverable in fluid form wholly or in part from the other side of the line, the two Governments will seek to reach agreement on the manner in which the accumulation or deposit shall be most effectively exploited and on the equitable sharing of the benefits arising from such exploitation.

Article 8. 1. Where the Government of the Commonwealth of Australia has granted an exploration permit for petroleum or a production licence for petroleum

under the Petroleum (Submerged Lands) Acts of the Commonwealth of Australia over a part of the seabed over which that Government ceases to exercise sovereign rights by virtue of this Agreement, and that permit or licence is in force immediately prior to the entry into force of this Agreement, the Government of the Republic of Indonesia or its authorised agent shall, upon application by the registered holder of the permit or licence, or where there is more than one registered holder, by the registered holders acting jointly, be willing to offer and to negotiate a production sharing contract under Indonesian law to explore for and to produce oil and natural gas in respect of the same part of the seabed on terms that are not less favourable than those provided under Indonesian law in existing production sharing contracts in other parts of the seabed under Indonesian jurisdiction.

2. An application for negotiation in accordance with paragraph 1 of this Article must be made by the registered holder or holders within nine months after the entry into force of this Agreement. If no application is made within this period, or if an offer made in accordance with paragraph 1 of this Article is, after negotiation, not accepted by the permittee or licensee, the Government of the Republic of Indonesia shall have no further obligation to the registered holder or holders of a permit or licence to which paragraph 1 of this Article applies.

3. For the purpose of this Article, "registered holder" means a company that was a registered holder of an exploration permit for petroleum or a production licence for petroleum, as the case may be, under the Petroleum (Submerged Lands) Acts of the Commonwealth of Australia immediately prior to the entry into force of this Agreement.
