SUMMARY OF NOTES: INTERVIEW OF DR. RODRIGUEZ BY ASA V. WASH, 2/11/99

Body partially buried. Very little of body exposed. Could not see from street.

Luminesce – trace evidence. 2 pieces. Bright orange fiber toward shoulder area. Other fiber fluorescent blue. Orange fiber: synthetic. Orange fiber on top of body. Other fiber underneath body.

Fiber does not belong to victim's clothing.

Rocks piled on her. Area had been dug out. Dirt over it. Large rocks on body, one on hand. Keep animals from dragging body off. Way body is exposed – animal activity.

Soil samples: typical of wooded area, highly organic. Collected plants, green plant material underneath. Couldn't tell if tool used.
